HIGHLANDS
RESIDENTIAL MORTGAGE

Buy Before You Sell

Powered by FlexCap | Exclusively through Highlands Residential Mortgage

Remove the stress of home sale contingencies! Selling your current home before buying a new one is ideal—but not always realistic. That's where Highlands Residential Mortgage steps in with a creative, flexible solution that puts you in control.

How It Works

1. **Find your next home.**
   You identify your new home and begin the purchase process.
2. **FlexCap steps in to boost your buying power.**
   This allows us to exclude your current mortgage from your debt-to-income ratio, helping you qualify for your next home without the burden of two loans.
3. **Access your equity.**
   If needed for down payment on the new home, we can help advance equity that you will ultimately receive from the sale of your current home.
4. **Stay in control.**
   You and your agent continue to market your home and sell it at full market value.

Why It Works

- **Eliminates home sale contingency**
- **Helps you qualify for your next home sooner**
- **Keeps you in control of your home sale**
- **Minimizes stress and delays**
- **Backed by the trusted team at Highlands Residential Mortgage**

Mortgage strategy is not a "one size fits all", **and we're committed to putting together cost-effective strategies to make your dream home a reality.**

Major Milestones in the Mortgage Process

1. Pre-Qualification

The first step of the mortgage process is getting you pre-qualified for your loan. To ensure accurate pre-qualification results, please provide your two most recent paystubs, last year's W2, and tax returns.

2. Purchase Contract

Once you have obtained your pre-qualification letter, you will work closely with your Realtor to find your perfect home. Your Realtor will help you submit an offer on the house and submit the purchase contract to both you and the seller to sign as a binding agreement.

3. Processing and Underwriting

After your purchase contract has been fully executed, the processing of your application begins. Our processing team will review your initial application, new contract, and supporting documents to identify any additional information needed to set up your loan. We will request these additional documents from you and begin verifying all of your information. Once your loan has been processed, it will be submitted to Underwriting, where the underwriter will issue a decision. If approved, you may receive a conditional approval with outstanding items to clear or a final approval for closing.

4. Loan Closing

Once your loan is clear to close, we will prepare the necessary documents and schedule the final signing. At this appointment, you'll need to bring any required funds and sign the final loan papers. Once the loan is funded, the house is officially yours! Check with your Title Agent to see if wired funds or cashier's checks are accepted.

Top 10 Tips for a Smooth Mortgage Process

1. **Avoid Changing Jobs or Quitting Your Job**
   Changing your employment status can affect your income verification and loan approval.
2. **Hold Off on Buying New Vehicles**
   Large purchases like cars can impact your debt-to-income ratio, affecting your loan qualification.
3. **Be Mindful of Credit Card Usage**
   Excessive use or opening new accounts can lower your credit score and affect loan terms.
4. **Don't Spend Your Closing Funds**
   Keep the money set aside for closing untouched to ensure you have the necessary funds when needed.
5. **Disclose All Information on Your Loan Application**
   Omitting information can delay the process or lead to loan denial if discovered later.
6. **Postpone Large Purchases on Credit**
   Buying furniture or other big-ticket items on credit can increase your debt load and affect your loan.
7. **Avoid New Credit Inquiries**
   Multiple credit checks can lower your credit score and raise concerns with lenders.
8. **Inform Your Loan Officer of Large Deposits or Transfers**
   Unexpected large deposits or transfers need to be explained to avoid complications.
9. **Keep Your Bank Accounts Stable**
   Changing or closing accounts can disrupt the verification process and cause delays.
10. **Avoid Co-Signing Loans**
    Co-signing increases your liability and can affect your ability to qualify for your mortgage.

HIGHLANDS RESIDENTIAL MORTGAGE

A Higher Standard of Lending

Finding the right loan is easy with Highlands in your corner.

Conventional Loans

A more traditional and flexible approach to meeting most mortgage needs.

Conventional loans can be used on a wide range of property types, have down payments as low as 3%, and provide convenient terms and higher loan amounts.

FHA Loans

A great way to buy your first home or accommodate special situations.

These loans offer low down payments and lenient terms to well-qualified buyers and those who may have just started a career or have less-than-perfect credit.

VA Loans

Extraordinary options to serve those who have served our county.

VA loans allow for 100% financing and no monthly mortgage insurance for all eligible active, non-active, or retired US Veterans.

USDA Loans

The practical solution for financing rural properties in certain counties.

USDA loans are backed by the US Department of Agriculture and are specifically for low-to-moderate income homebuyers purchasing or refinancing in rural areas of the country.

Specialized Programs

When your situation calls for something special: Jumbo, Condo, Rehab, Down Payment Assistance, Self-employed, Bank Statement, Asset Depletion, DSCR.

Our team will invest the time to understand your needs, goals, and will help you navigate to the right mortgage solution with expertise and transparency.
